

Paint for painting the roof RADACH brown mahogany gloss 0,8L

Model : brązowa mahoń połysk 0,8L RAL801

Paint for painting the roof RADACH brown mahogany gloss 0,8L

Manufacturer : RAFIL

RADACH is a product used to cover the surface of the roof. It creates a fast-drying coat with good adhesion to the substrate, waterproof, resistant to changing atmospheric conditions, flexible and mechanically resistant.

Purpose:

- to the protective and decorative painting of galvanized steel surfaces,
- to the protective and decorative painting of phosphated steel surfaces,
- for painting aluminum surfaces,
- for painting concrete.

RADACH is also suitable for renovation of old coatings, both on the galvanized steel sheets and coated industrial methods. It is recommended especially for painting roofs, gutters, window sills. Wide variety of colors will help to create from the old destroyed surface, modern and fresh looking roof cover.

Color: brown mahogany gloss
